Why do energy work

- Rebates/incentives boost return on investment
 - Returns that can exceed 100%/year (< 1 year simple payback) for the life of the measure (e.g. lighting)
- Better lighting and comfort for customers and/or employees
- Upgrade and improve asset values
- Building Energy audits are free if peak demand < 100kW
 - **Identify Annual Cost Savings**
 - 10% - 50% energy savings, depending on Business
 - **Necessary 1st step for “custom” incentives and On-Bill Recovery (Part of utility bill) Financing**
